Dominion has caused me and financial Hardship due to forcing payments from me and my family during this pandemic. The month of May has been one of the worst since 2020 pandemic thanks to Dominion Coercion practices.. I paid \$500, \$143, \$300 on May 11 because Dominion energy SC Charleston SC turned off my electricity during a pandemic, They used Coercion to pay which I pleaded that I was unable to pay anything else, and I used part of my food money and rent money..... financial stress, hardship and left me unable to provide for my family!!! I really dont like do business with this company. Then after I sent an Opt out notice, they turn around send service people to force the Smart meter on me and my family.

Also why is Dominion Energy advertising back payment forgiveness for customers? meanwhile some branches are using mean tactics which is contradiction to any forgiveness at all.

# **Dominion Energy customers could qualify for back payment forgiveness**
